THE CHRISTMAS TRAIL

1938

Forever Christmas

IN THIS changing world, Christmas alone seems to remain steadfast. Dress it up in holly and tinsel, or chromium and cellophane . . . it's still forever Christmas, the most heart-warming wonder known to man.

Because we believe that the exchange of gifts between friends is the perfect expression of Christmas, we've been tireless in tracking down trails, all over the world, to find those gifts that will give greater happiness.

This little book can show only a few . . . but they couldn't be more symbolic of our desire to bring you . . . and wish you . . . a Merry Christmas.

Until January 1, 1939, all merchandise in this book is delivered free to any POST or EXPRESS OFFICE in the United States subject to local taxes where such apply.
